JOINT SUPPORT: The only one in the market with the highest concentration of Glucosamine plus Chondroitin and MSM.

Many people find it difficult to take the Glucosamine plus Chondroitin and MSM in tablets because they are difficult to swallow and must be taken many times throughout the day. Joint Support is a powder that dissolves in water. Easy to drink. One packet of Joint Support is the equivalent to consuming 4+ tablets a day in order to ingest the same amount of ingredients.

- ✓ Give the support your joints need without the discomfort of taking tablets*.
- ✓ High absorption because it is mixed in water.

Sugar free

DIRECTIONS: For adults one [1] packet daily. Empty contents into a glass, add 5-9 oz of water [non-carbonated], stir and take with food, preferably in the morning with breakfast. For lighter flavor, mix with more water. Do not exceed suggested use. Consume promptly. As a reminder, discuss the supplements and medications you take with your healthcare provider. Do not exceed recommended daily intake.
